

# PUBLIC LEADER

SIXTH YEAR.

MAYSVILLE, KY., TUESDAY, NOVEMBER 9, 1897.

ONE CENT.

**Spokane CIRCULATION**  
LARGEST IN THE CITY.

## Purely Business!

The columns of a newspaper represent a vast value. No publisher can afford to give advertising "space" free any more than a merchant can lose over his counter free gifts of goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade and advertisements should be paid for, no matter in what part of the paper they appear.

## We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-trap clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let this opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

Our \$2, \$2.50 and \$3 Custom-Made

SHOES!

That we warrant to give satisfaction and cheerfully return the money if they do not have quickly sprung into favor. Out of town mail orders also of which we receive many—receive prompt attention. Look at our show-windows; none like them in the state.

**HECHINGER & CO**

**MAYSVILLE WEATHER.**  
What You May Expect for the Next Twenty-four Hours.

**THE LEDGER'S WEATHER SIGNALS.**

White lightning—Fair!

Blue—Rain or snow!

With black above—Twill warm!

If black beneath—Cold! (Twill be!)

Unless black shown—no change will be!

The above forecasts are made for a period of twenty-four hours, ending at 10 o'clock to-morrow evening.

**HERE AND THERE**

If you have friends visiting you, or if you are going away on a visit, please drop up a note to that effect.

Rev. George Darrie of Frankfort is being entertained by Mr. and Mrs. Joseph F. Perrie.

Mrs. Hamlet C. Sharp will leave tomorrow to visit friends and relatives at Millersburg and Paris.

Mr. Thomas Nolin left this morning for Louisville, W. Va., where his boat has been lying up during the low water period.

Miss Mary Hutton and Madeline January left noon yesterday for Flemingsburg, to attend the January-Anderson wedding tomorrow.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

"The Man of Snap" never misses a good thing. Hear Rev. George Darrie at Christian Church tonight.

Mr. Charles Lane of Fleming county and Miss Mollie McCarthy of Mason county will marry at Murphysville to-morrow.

The remains of Mrs. Maria Hays of St. Louis were interred at Washington yesterday morning. Mrs. Hays had been ill about a week with erysipelas and died at the home of her brother, Mr. John Hays of East Fourth street. She was 80 years of age and leaves one son.

A badly strung telephone wire fell yesterday, striking an electric wire. In "less than three shakes of a lamb's tail" there was fun at the Central.

The switchboard resembled a Fourth-of-July pyrotechnic display and for several hours telephonic service was as badly crippled as the Republican party. Everything is all right again, however. No blame attaches to the Electric Light Company.

**HOW IS THIS?**

What a Washington Correspondent Says About the President's Purposes.

Speaking of the appointment of Presidential Postmasters in Kentucky, and the influences that are being brought to bear upon their selection, the Washington correspondent of The Cincinnati Enquirer says in last Saturday's impression of that paper:

"As a matter of fact the President long ago decided that the Editors of Republican newspapers in the cities of Kentucky where the vacancies have occurred should have the places."

## The Continued Calls

Upon THE LEDGER for free notices to be placed in this paper, which must be for the following terms:

**For Notices of Meetings.**

Marriages, funerals, or other public entertainments where a fee is charged, and for ordinary notices, resolution of respect, &c. The Ledger will charge five cents a line, and hereafter this will be the standard rate. This, however, never.

**Does Not Include**

Notices of Lodge meetings or Church services, which must not exceed ten lines.

**Avoidance of Disputes.**

Misunderstandings are unpleasant. The rate for Business Leads in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders the notice inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs two months—\$20.00. When he finds it out there is a "kiss" and a controversy. Followed probably by an icy feeling. Now, to avoid a definite agreement at the outset and the termination will be pleasant all around.

An Omaha Preacher denounced the New York Churches for not supporting Henry George.

The Marie Bell Opera Company, consisting of twenty-two persons, stranded at Hopkinsville.

The Government expects to save \$35,000 yearly by running its own lighting and lighting plant in the New York Postoffice.

At the meeting of Niagara Encampment L. O. O. F., last night, Editor M. F. Marsh was chosen High Priest to fill a vacancy.

Eight hundred Chinese are to take the place of striking coal miners in Northern Illinois. They are to be furnished by the Chinese Six Companies.

The memory of the late Major Lewis Ginter of Richmond, Va., is to be perpetuated by the endowment of a mechanics' institute and school of technology in that city.

The Women's Missionary Society of the First Presbyterian Church will meet this afternoon at 3 o'clock in the basement of the Church. Subject—"Influence of Christianity" and "South America."

The will of Mr. Oscar M. Calvert was presented in the County Court yesterday and continued for further proof. All his property is left to his wife, and at her death is to go to his daughter, Mrs. Benjamin Marshall.

The City Council of Denver has passed an ordinance requiring cigarette dealers to pay a license of \$10.00. This is too bad; those who want to enter by the cigarette route ought by all means be allowed to do so.

Now that the "kang" will soon be in full control in Cincinnati, Dr. Prendergast, fugitive Health Officer, will return from Canada and stand trial. He is a Democrat, charged with attempting blackmail to the tune of \$2,000.

THE LEDGER is requested by Mr. W. W. Wilcox, Agent of the C. and O., to state that the cause of the continuous ringing of the bell at Fair and Commerce a few nights ago has been discovered. Some enterprising citizen got a ladder, climbed into the Tower-house and turned on the electricity.

The Maysville and Mason County Auxiliary of the American Bible Society will be held the first Sunday night in December. Rev. J. S. Sims of the M. E. Church, South, will deliver the address. It is urged that all Churches in the city please take the collections as soon as possible and report same to the Treasurer.

"The worst cold I ever had in my life was cured by Chamberlain's Cough Remedy," writes W. H. Norton, of Sutter Creek, Cal. "This cold left me with a cough and I was expectorating all the time. The remedy cured me, and I want all of my friends when troubled with a cough or cold to use it, for it will do them good." Said by J. James Wood, Druggist.

Printers, like other people, have to eat—sometimes. That is, if they can get the material. But they can't get the material without money—unless someone gives it to them. Now, if you owe this Printer, he will gladly accept a few country hams, a bushel or two of potatoes, or most any old thing that comes from the farm—and will give full credit at market prices. See?

**MAY BE HIM.**

A Constable at Brownstown, W. Va.,

Thinks He Has Henry Halbert.

A dispatch from Brownstown, W. Va., says Constable Malone of that place has in charge a man who answers the description of Henry D. Halbert, the assassin of Captain Thomas B. Hoobler at Vanceburg.

Some citizens of Vanceburg are already telling of Halbert's queer freaks, and it is apparent, if he is apprehended, that an effort will be made to prove him insane.

"The Man of Snap" is Rev. George Darrie's subject tonight at Christian Church.

DeKalb Lodge will meet in regular session tonight. All members and brothers of sister Lodges are asked and invited to be present. Meeting hour at 7 o'clock.

The Bee Hive—Stylish Cloth Tam O'Shanter, with feather and steel buckle, only 18c. each. Large Gingham Aprons, ready to wear, only 9c. each. At the Bee Hive.

## Women's Coats.

A store full! Choose. \$4 stands for more coat style and goodness than ever had before. You know the story—belated winter made coat makers desperate. They took losses. That accounts for this offering. At \$10 coats of new styles, latest fashions. Some tight fitting, others the new fly-front refer style. Values \$15 to \$20. Almost every size.

**Plaids.** Taffetas in new effects and patterns. There's one combination in a tartan plaid of some unknown Highlander with a pronounced green tone, illuminated by a narrow gold stripe. Handsome silk and wool plaids, 50c., 75c., \$1.

**Umbrellas.** Rainy days are now due and we are prepared to steel furels, handsome Congo wool handles, for only \$1.19 each. Ask to see them.

**Black Dress Goods.** They're called the stretchings of fabrics. There's no comparison that isn't bettered for a black-dress background. Moreover it harmonizes with every color. If there's one stock in our store that's all right it's the blacks. The light by which you see them is one hundred per cent. sunshine straight from the sky. Many kinds priced as follows: 25c., 35c., 40c., 50c., 55c., 70c., 75c., 80c., 85c., 90c. up to \$3 a yard.

THE Republican mismanagers lost Kentucky in the last election, and it now remains to be seen who will recover it.

THE Richmond Pentagraph likens the Kentucky Democracy to the jointed snake, which flies to pieces and reunites as occasion demands.

MORE votes were cast in Greater New York than in the entire state of Kentucky. Well, there was some sort of organization in New York; there was some to speak of in Kentucky, so far as Mason county was concerned, anyway.

UNDER "free coinage" the Government coined 8,000,000 silver dollars in eighty years; under the act "discriminating against silver," the Mints last year coined only \$153,000,000 in silver. This doesn't look very much as though silver was faring so badly at the hands of the Goldbugs.

CONSEL GENERAL OSBORN's report of the trade of the United Kingdom in 1896 shows an increase of imports of \$125,596,730 and of exports of \$70,000,000. The increased imports from the United States were \$95,092,430. The balance in favor of the United States was \$370,000,000, the greatest in fifteen years.

THE Courier-Journal editorially pays this compliment to Governor BRADLEY: "To the Governor of Kentucky is due credit for the most sensible Thanksgiving Proclamation which we have yet seen this year. It simply designates the day with no attempt to draw up a sophomoric bill of particulars as to the various items for which we should give thanks. The average citizen does not think it necessary to employ a Governor or President to tell him what he should say when he gets upon his knees."

AFTER all the dirty lies of one ALLEN O'BRIEN and the Cincinnati Enquirer the Republicans carried Ohio, re-electing Governor BURNETT by nearly 30,000 and choosing a Republican Legislature. The latter insures the return to the United States Senate of that much-abused statesman, Hon. MARK A. HANNA. This is a bitter pill for JOHN MCLEAN and his fellow-recalciters, but it is a source of genuine delight to every decent person in the United States.

WHAT'S this? Assistant Attorney General BORD has rendered a decision to the effect that the Government Printing Office, being a mechanical adjunct to Congress, and, therefore, not an executive office, it cannot be placed in the classified service, and the Civil Service Law does not apply to the employees of that office. This is a little rough on the boys of the "Swampoodle," and they'll now have a chance to "hop twelve feet on one foot" to make room for some good Republican type-stickers.

OVER in Clark county a woman on her way to a neighbor's tumbled over a pile of lumber. The lumber was on a lot belonging to the L. and N. Railway Company. As corporations are considered legitimate prey, the woman found a willing lawyer and brought suit against the Company. The Clark Circuit Court finally decided against her, and the Court of Appeals has affirmed the decision. About the next ridiculous suit to be filed will be one against the LORD by some fellow whose cousin was struck by lightning.

SOME of the newspapers contained this strange announcement:

"KENTUCKY GOES." "WASHINGTON, Nov. 6th.—Senator DEOR of Kentucky in speaking about the election in his state declares that the state was stolen by the Democrats."

If the good Senator will permit, THE LEDGER will amend by saying that the Republican mismanagement gave the state to the Democrats. In Mason county, at least, the mismanagers left it lying out on the lawn, our friends the enemy simply came along and found it, and they would have been great fools not to have carried it away.

A string to it.

The old lady of Threadneedle street (Bank of England) has made an offer to the bimetallic commission sent abroad by this country which seems to give pleasure to some of the "friends of silver." Apparently the Bank of England agrees to hold one-fourth of its reserve in silver, which it is permitted to do by an act of parliament of 1844. In reality it agrees to do so only under conditions as difficult of realization as if it had said when the silver was laid down in its course. These conditions are that the French mint shall "begin opened to the free coinage of silver, and that the price at which silver is procurable and saleable are satisfactory."

France could hardly open her mints at any other ratio than her old one of 15 1/2. It is practically impossible for civilization is too far advanced for her to attempt free coinage at 15 1/2 to 1 when the present ratio is about 16 to 1. When "the price at which silver is procurable and saleable are satisfactory" may mean anything. As the Bank of England cannot use silver in redemption of its notes it has been forced to buy silver only when it can be exchanged for gold without "risk of loss." Of course, if France had free coinage at the present ratio, the Mints last year could not look very much as though silver was faring so badly at the hands of the Goldbugs.

UNDER "free coinage" the Government coined 8,000,000 silver dollars in eighty years; under the act "discriminating against silver," the Mints last year coined only \$153,000,000 in silver. This doesn't look very much as though silver was faring so badly at the hands of the Goldbugs.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

MURDERER ESCAPED.

THE same bullet which the Freeholder and the Public Ledger named hit John Stout shot and killed Burton Jones and seriously wounded a man named Helton in the neck. The particulars of the killing, as near as can be obtained, show that Stout went to see Helton, who was at home, to discuss a matter of a debt. Helton refused to pay and a general battle ensued.

Several shots were fired, and when all was over Jones was found dead and Helton perhaps fatally wounded. Jones was trying to separate the boys by rushing between them when the fatal ball from Stout's pistol struck him in the breast, killing him instantly, and it is believed that the same ball struck Helton. All are prominent farmers. Stout made his escape.

Shot His Friend.

BARDOTTSVILLE, Ky., Nov. 9.—A shooting affray occurred here early Monday morning. John Phillips, one of the proprietors of the "Old Top" saloon, shot and dangerously wounded George Bradshaw through mistake. Phillips fired twice, one ball striking Bradshaw on the hand and the other crashing through his right temple. Phillips surrendered. The friendly relations existed between Phillips and Bradshaw.

Raiders Destroying Tollgates.

OWINGSVILLE, Ky., Nov. 9.—Tollgate raiders have begun their operations again. Sunday night three tollgates were destroyed on the Mayfield and Mt. Sterling pike. The raiders left a usual warning with the tollgate-keepers not to appear on our toll. Their use was defeated in this country and this has doubtless enraged the raiding element and they have adopted their old method of "burning" as much unbusiness manifested by the law-abiding citizens, as it is impossible to predict where the trouble will end.

The Kentucky Legislature the-Sided.

FRANKFORT, Ky., Nov. 9.—With three districts in doubt, the next legislative session is expected to be a close one. Of the doubtful districts two have probably gone democratic and one republican. The two parties broke even on the legislature. There is already a big crop of candidates for places in both houses. Representatives Bickham and Trimble of Franklin are announced for speakers and there are four from a dozen as pliants for minor offices.

Cincinnati's New Postmaster.

WASHINGTON, Nov. 9.—A. Reynolds has been appointed postmaster at Cincinnati, Ky., though the announcement has not been made formally. Mr. Reynolds is a young man, and is a post office department Monday, and was sent to the executive mansion for the signature of the President. This will probably be attended to Tuesday and as soon as Mr. Reynolds gives bond and qualifies Mr. Espinosa takes his leave and will retire to the shades of private life.

The Murderer Surrendered.

PIKEVILLE, Ky., Nov. 9.—John Stout shot and killed John Faxon on Clark creek Sunday. Stout was the son met in the road and quarrelled, but parted apparently as friends. Stout went home and got a gun and fired on Faxon, who was going home. On the night Stout emptied the contents of a shotgun in Faxon's back, and then fled to the woods. Faxon was last Monday morning in the road dead Stout his house surrendered.

Vogler shot on Rail.

LEXINGTON, Ky., Nov. 9.—Signaller Vogler, who has been arrested by postal authorities about two weeks ago, charged with violating postal laws by sending objectionable matter through the mails, was released Sunday morning. Gas Found in Daviess County.

Mr. Hunter is one of the leaders in the republican party in Kentucky. He served as a member of congress in the last house, and has given notice that he would make a contest for a seat in the present house, claiming that he had been elected. He was the candidate of his party for the senatorship, but after a long struggle had to give way to Senator Trigg.

Dr. Hunter is a native supreme court Monday affirmed the decision of the circuit court for the California circuit refusing a writ of habeas corpus to the late Governor of California, under sentence of death for the murder of Miss Hannah Lamont in San Francisco in April, 1880. The case has attracted much interest throughout the whole of the United States and Monday's decision permits the law to take its course with the chief justice.

Justice Fuller announced the court's conclusion but made no remarks in doing so save to cite a few authorities on which the court based its decision.

The reader of this paper will be pleased to learn that there is at least one dressed disease that science has been able to cure in all its stages, and that is Gonorrhea. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, it requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials. Address, S. F. Cherry & Co., Toledo, O. Taking the Kentucky Republican landslide into full consideration, the victory of the Lewis county Republicans is a grateful lump of consolation. The wisdom of the party in selecting a strong running ticket was fully demonstrated by the strong majorities. Personal animosity, political scheming and wholesale bribery back the Republican ranks from center to circumference, but thanks to a harmonious, concentrated action on the part of the workers and personal magnetism of the candidates the old state of Lewis wheeled into line with a Republican ticket from top to bottom. The Representative, D. D. Lykins, the first man from Petersville to be placed on the county ticket, and as soon as it was known for a certainty that he was elected all people in this neck of the woods, both old and young, black and white, rich and poor, Republicans and Democrats, all, as neighbors and friends, assembled at his home last Thursday night and gave him such a send-off as was never heard before. ## RIGHT AT LAST

The Business Men of Lexington Protest Against Cheap Excursions.

KEEP YOUR MONEY AT HOME!

Lexington Leader.

Should our money be kept at home, or should it be sent out of town to be spent promiscuously among Cincinnati and Louisville merchants, with no hope of return?

This is the question which has been agitating local business men and members of the Chamber of Commerce of late.

The question has been studied from various standpoints, and it has been decided that the too frequent running of excursions to these two cities at ridiculously low rates tends to greatly injure Lexington, both as a business center and otherwise.

If excursions are to be run at all, it is argued that the better plan would be to run them from Cincinnati and Louisville into Lexington.

The railroads have really overdone the thing within the past year, especially during the summer months, and to have extra excursions run between them, taking large amounts of money out of town each time, has been felt to such an extent that the business men have been forced to protest against the custom and have issued a strong address in the shape of an appeal to all good citizens.

At a meeting of the Chamber of Commerce the matter was taken up and an address was drawn up. Copies of it were placed in the hands of a committee whose members circulated it for signatures.

The address is given below:

**ADDRESS TO THE PEOPLE.**

We, the undersigned, members of the Chamber of Commerce and business men of Lexington, believing that the only way to build up our city, and make it what we all wish it to be—the Queen City of the Bluegrass—is by making a united effort to advance its own interests, do hereby address to our fellow citizens, especially to the Ministers and societies of our various churches and the officers and members of all other institutions that depend upon the liberality of the citizens for their support.

We recognize the right of every individual to buy in any market he pleases, and we also recognize the right of any individual or body of individuals to charter trains and run excursions to any point. But we do protest against any citizen or society or organization in Lexington running cheap excursions to Louisville or Cincinnati, when they must know that these excursions will and do tend to destroy the retail trade of our city.

We believe that our merchants can and do furnish merchandise as good in quality and as cheap in price as cities named above. Many of these excursions are run by the societies of our different churches and by other similar organizations; but whenever an entertainment is gotten up at home for the benefit of these societies, the merchants of the city are the first ones solicited for help. They are expected to take advertisements in the program, buy tickets, contribute articles, etc. We believe that you have the interest of the city of Lexington as much at heart as we have, and we feel that, when the question is duly considered, you will see it as we do. The interest of the merchant and the customer is one of mutual dependence. Each needs the assistance and cooperation of the other. The merchant studies the needs and tastes of his customers, and buys accordingly. In return for this he is entitled to the patronage and support of the customer. The citizen in his various relations, the church in its numerous duties and obligations, these societies in their many needs must have the help of the business man. This cannot be given if the business man is not prosperous. He cannot prosper if the city with its trade is run into Cincinnati or Louisville for his goods.

It is not our purpose to try to curtail any of the rights and privileges of any one. We simply ask each and every citizen of Lexington and Fayette county to unite with us in our efforts to stop all things that will tend to destroy our trade, and at the same time, to try in every honest way to increase our manufacturing, build up our wholesale and retail business, and make every branch of industry prosper.

When the copies of the address were turned into President Leonard G. Cox the names of 137 local business firms were signed to it.

Besides the appeal to the general business firms an agreement was drawn up and presented to the newspapers to charge for all mentions and notices of such excursions run by private institutions or persons at regular rates. The agreement was as follows:

Should our money be kept at home, or should it be sent out of town to be spent promiscuously among Cincinnati and Louisville merchants, with no hope of return?

**AT ADVERTISING RATES.**

We, the undersigned, newspapers of Lexington, hereby agree to charge regular advertising rates for any and all notices of shopping excursions run out of Lexington by churches, charity organizations or any other institutions dependent upon the citizens of Lexington for support.

J. T. Davidson, Business Manager The Argonaut.  
The Morning Herald, Desha Breckinridge, Manager.  
Leader Printing Co., S. J. Roberts, President.

President Cox of the Chamber of Commerce and the members of the circulating committee express themselves as being very much gratified at the interest in the question which is being taken by the local citizens. They believe that the people will readily co-operate with the Chamber of Commerce in its attempt to discourage a continuance of out of town excursions.

One local merchant said to a Leader man that every time an excursion is run to Cincinnati or Louisville during the week day his cash sales show it.

"I feel the effect of it more or less for several days."

"I hope our people will see this matter in the proper light," said he, "as we all must learn sooner or later that money spent out of town never comes back, and every dollar that is kept at home just helps that towards our general prosperity."

"Let the private shopping excursions to Cincinnati and Louisville cease."

Mr. J. O. Cox, President Chamber of Commerce—Dear Sir: My attention has been called by Mr. J. P. Moore, General Agent, to the protest that your body has made against cheap excursions on week days to Cincinnati. It is contrary to the policy of the Louisville and Nashville Railroad Company to draw business from one commercial center to another. As far as Lexington is concerned competition has been forced to run the excursions that have caused the protest. Realizing the injustice of the matter, we have concluded to withdraw the plan upon which it is possible for these excursions to be chartered. Beginning with this date we will discontinue same regardless of the action of the other lines entering Lexington. Yours truly,

JACKSON SMITH, D. P. A.

**Yellow Fever Germ.**

breed in the bowels. Kill them and you are safe from the awful disease. Cascarets destroy the germs throughout the system and make it impossible for new ones to form. Cascarets are the only reliable safeguard for young and old against Yellow Jack. 10c, 25c, 50c. All druggists.

**HOW TO FIND OUT.**

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

**WHAT TO DO.**

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and the extraordinary effect of Swamp Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail. Mention THE LEXINGTON and send your address to Dr. Kilmer & Co., Box 589, Hamilton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.
